

PROJECT FOREMAN

JOB DESCRIPTION

Job Code:	9102	Employee Type:	Full-Time, Year Round
Reports To:	Operations Manager	Prepared By:	Abigail Tietjen
FLSA Status:	Non - Exempt	Approved By:	David Moss
Department:	Operations	Date Approved:	

Summary

The Project Foreman is responsible for overseeing construction/maintenance projects for the Village at Copper (VAC) and Copper Mountain Resort Association (CMRA). This individual will be a liaison with vendors, contractors, county officials, company personnel, and other entities as dictated by the projects. The position requires an on-site presence around Copper Mountain. The Project Foreman should be a keen problem-solver and possess excellent supervisory and communication skills. This position will regularly interface with the management team, stakeholders, and business partners of the VAC/CMRA. While not working on specific projects, this position will assist the team with daily maintenance operations either self-directed or as assigned by the VAC Operations Management team.

Essential Duties and Responsibilities

- Responsible for overseeing specific project schedules as directed by Operations Manager or Executive Director
- Participate in project scoping and budgeting
- Manage all dates/processes within a project to ensure the project progresses as anticipated
- Work with Operations Manager to obtain necessary permits & approvals
- Assist Manager with bidding and interviewing new contractors, vendors, etc.
- Communicate project statuses to Management team and identify any barriers
- Help Operations Team complete daily tasks; not limited to snow removal, trash removal, general operations
- Prepare spreadsheets & other documents as needed
- Provide cost, material, equipment, and time estimates upon request
- Schedule and complete training sessions when required
- Multitask and complete all responsibilities in a timely manner

General Responsibilities and Duties

Must be able to work 40+ hours per week
 Delegate tasks and work alongside crew to complete projects and daily needs
 Maintain high standard of customer service and member satisfaction according to company goals
 Continue education and take specialized trainings to maximize job efficiency and potential
 Other Duties as assigned

Qualifications

Must understand project management from the end goal to all the steps required to complete a project.
 Must have a basic understanding of construction and construction trades.
 High School Diploma or higher
 3+ years of previous experience in related field
